HubUpdateUtility_v1.0.12.0 User Guide

Step 1:
Download HubUpdateUtility_v1.0.12.0.zip

**Step 2:**
Unzip HubUpdateUtility_v1.0.12.0.zip

Step 3:
Double click update_script file, a system alert will pop up.

Step 4:
Open System Settings, then click Privacy & Security, scroll down the right part to the Security section, click the 'Open Anyway' button.

Step 5:

Double click update_script file again, system will pop up a new alert as below. Click the Open button.

Step 6:

The script will open a Terminal window with prompt, just input 'Y' and press enter.

Wait for 3-5 minutes patiently. Finally we update the firmware successfully.
